

Treasure Hunt 2020

Part of the Anti-Racism project by Lydia Coules

How it works:

There are five areas to hunt for answers, as seen on the map. These areas can be done in any order, on any day. The numbers on the map coincide with the numbered questions, so use the map to find out where the answers to the questions are. The answer to each question is a number, so at the end of each section add all your answers up. When you have finished the entire treasure hunt, you will then add up your totals from each section to make one **BIG** number. *Warning: calculator needed!*

For a chance to win a prize & for your certificate of completing, send your final answer, your name and address to us at sarah@gvc.org.uk by Weds 3rd Sept. More details on www.gvc.org.uk
Don't forget to stay safe & have fun!

Lake Grounds

Question 1: In the notice about trees, how many letters are there altogether?

Question 2: How many times does the word 'café' appear?

Question 3: What number is Lake Island?
